Record Season

More Than 35,000,000 Young Fish

The output of the Oregon state hatch eries this season will approximate fully MR. WARREN IS MUCH BETTER 35,000,000 young fish. Reports from some of the hatcheries are a week old, but Warden Van Dusen is satisfied the number of young fish propagated will reach the figure here stated. The estimated output of the hatcheries this year as compared with the actual output last year follows:

Hatchery-Ontario20,000,000 12,732,900 Salmon River......4,500,000 3,621,415 Clackamas.. 4,000,000 McKengle Tucannon.... Wallowa and Grande 81,327

Wallowa hatcheries were jointly operat while this year they are conducted separate institutions. The Mc-Kenzie and Tucannon hatcheries are not being operated this year.

Mr. Van Dusen is just back from the Salmon river hatchery which was established by the Astoria Push Club Superintendent Thomas Brown is getting along splendidly and is now through taking his early eggs. He has 3,500,000 eggs in his troughs already, Fifty-Dollar Flag and Historic Gaand expects to get an additional 2,000,-000 eggs of the late variety. The estimated output of the plant this year is placed at only 4,500,000 by Mr. Van Dusen, who is inclined to be conservative. Preparations are now being made at the Salmon river plant to handle the late fish. The new plant there is almost completed. It will have 5,000,000 capacity and will be one of the best equipped plants in the state. The run of fish has been good this year, and the fisheries' experts are of the belief that this stream is again being stocked with fish.

The big Ontario plant, costing \$10,-000, is in course of construction and will be completed in time to handle this season's take of eggs. Operations will J. W. Suprenant. be begun there in about a month's time. It is a singular fact that the fish propagated at Ontario are of the early varlety, while they do not spawn there until October 1. The plant is 700 miles from the ocean. Last year Superinmale salmon and handled 4,514 male The 4,447 females netted 21,065,800 eggs, an average of 4.737 young fish to a half holiday. each matured female. The plant is to be fitted up with every modern convenlence, including a steam pump, for use when the river is frozen. The capacity

The Wallowa plant between the towns of Wallowa and Elgin will soon be in shape to care for 4,000,000 eggs. plant, but \$2,000 will be expended on the rade. Grande Ronde. The remaining \$3.00 will be sufficient for the construction of a first-class hatchery. This plant is an important one and may be used for the propagation of blueback salmon, An effort was made to get a large number of blueback eggs this season, but resulted in failure. Mr. Van Dusen believes the start was made too late. Next year an earlier start will be made. The blueback is a very valuable fish for canning purposes, but the supply is almost depleted. It is possible the lakes of Idaho, Washington and British Columbia will provide a supply for hatch-

The Grand Ronde plant is merely a station, but a fine building will be rected next year if the location proves a good one. This season between 3.-000,000 and 4,000,000 young fish will be cared for. Reports recently received from this station were quite satisfac-

The work at the Clackamas hatchery has been completed for the season, but a report of the exact take will not reach local headquarters for a few days, Superintendent Spurgeon reported August 17 that he had taken 2,800,000 eggs and that he was averaging 100,000 daily, which would bring his total to more than 4,000,000.

To the credit of the Oregon hatchery officials it can be said that the Clackamas and Salmon river plants have finished operations so far as early fish are concerned, while neither the government plants nor Washington plants

have yet taken an egg. By this time next year the Orego City fishway will have been installed and the warden will be enabled to put in plants on the McKenzie and Santism

The Oregon output this year will be double that of Washington state. Last year Washington turned out 18,300,000 young fish, but this year it is not operating the Wenatchee and Methow plants. The plants operated are those at Chinook and Kalama and that on Wind

SUES THE CITY FOR DAMAGES

L. S. Davidson Wants Judgment For Sum of \$3800

LaRoy S. Davidson, of Portland, has sued the city of Astoria for \$3,800 damages. The papers were filed yesterday. W. T. Hume and John T. McKee represent the plaintiff, and the case will be tried out at the September term of

the circuit court. Davidson was injured just two years the Congregational church yesterday ago at the foot of Sixth street. The evening. Davidson wants \$3500 for the injuries he suffered, and which he contends have practically disabled him, and \$300 for enforced idleness for three

Took Nourishment Yesterday For The First Time

No report was received from the War ren home last night and the condition of Mr. Warren could not be learned. Yesterday he was reported to have taken some nourishment for the first time since the attack on Sunday, and in other rspects showed some improvement. Dr. Fulton said he thought Mr. Warren appeared to be better, but that his condition was still critical. Yesterday's change revived hope for the distinguished sufferer, but it will be some time before he is out of danger.

C. R. Higgins, Mr. Warren's son-inlaw, said yesterday that over-work had brought on the attack which laid Mr. Warren low. Of late the sufferer has been arranging for the erection of his mill on the West Side and had devoted much of his time to the details of the enterprise. The attack followed.

PRIZES FOR BIG PARADE

vel to be Given

The committee having in hand the arrangement of the Labor day parade met last night and decided on the prizes to be offered. The first prize will be a \$60 flag, which will go to the union making the best appearance in the parade. The second prize will be quite as valuable-a stiver mounted gavel made from the timbers of the historic ship Sylvia de Grasse.

James O'Connell, who has been named as grand marshal of the day, has not yet announced his aides. The judges appointed for the day are Rev. W. S. Short, Hon. John H. Smith and Mayor

Twenty labor organizations will be represented in the parade and there will be 12 floats in line. The line of march will be announced tomorrow afternoon. The parade starts at 2:30 p. m. The clothing and shoe stores will tendent Frank Brown spawned 4.447 fe- close the entire day and the butcher shops, groceries and manufacturing establishments will grant their employes

City Of Tents At Gearhart

By Armed Guards and Bugle Calls

Camp Summers, Gearbart, Sept. 2 -(Special)-The Third regiment, O. R. G., is encamped here. The soldiers arrived by special train at 3 o'clock in the afternoon in command of Colonel Gan-

As the citizen soldiers appeared on the velvety lawn of the camp ground they were cheered by the assembled ludies and a scattering of men.

From the railroad station to the camp ground the regiment marched in battalion formation, the First battalion in command of Major John L. May, the Second under Major Charles E. McDonald, the Third under Major Frank S. Baker.

It was just 35 minutes after the assignment of the companies to their grounds until the tents were up and the seautiful green sward at Gearhart transformed into a tented city. By the lime the tents were up rations had been issued and the company cooks were preparing meals, for the men were hungry. They had been aboard the train since 11:15 with only sandwich rations. There was no dress parade this evening owing to the extra work around camp incident to opening camp, but there will be tomorrow evening.

The men expect the dispatch with which camp was opened to be exacted during the encampment, and, Colonel Cantenblen being in command, and has ing laid out a strenuous routine of duties, the expectation is warranted that work will be characteristic of this en campment,

Following are the calls the men will be required to observe. First (or musican's call for reveille 5:15 a. m. Reveille 5:20 a. m Assembly for roll call and setting up exercises..... 5:30 a. m Sick call (by musicians of the guard...........5:45 a. m. Mess call (for breakfast, by musicians of guard5:55 a. m. Adjutant's call for formation of battalions 6:25 p. m.

Adjutant's call for formation of regiment 6:35 p. m. First call for retreat(by musicians of the guard)..... 6:30 p. m. Assembly for roll call and (If there be no dress parade.)

musicians of guard) 8:50 p. m. Tattoo 9:00 p. m. Call to quarters 9:45 p. m. First call for church, Sunday, September 7..........10:30 a. m.

Guard consisting of 1 captain, 2 lieutenants, sergeants, 3 corporals, and 37 privates was posted immediately follow ing erection of tents, this afternoon, and first guard mount will take place in the morning. The officer of the day is Captain O. D. Henderson; senior officer of the guard, First Lieutenant Holman; junior officer of the guard, Second Lieutenant Albert E. Jenkins. Except as may be otherwise directed,

the early morning drill will be devoted to instruction and practice in the school of the battalion and the second morning drill to instruction and practice in evolutions of the regiment. No spirituous liquors, wines, ale, or

beer will be allowed sold on the ground or taken into camp except as authorized from regimental headquarters.

CERTIFICATE OF COMPLETION

A certificate of completion of the aleyway running through blocks 102 and 103, in Adair's Astoria, and of Cedar street through to Fifty-first, a continuous improvement, was filed yesterday in Auditor Anderson's office. The improvement cost \$6,300.
